

KING HINTS OF ROMANCE IN MESSAGE

Requests Commons To Make Provisions For Queen

By the Associated Press.
These five princesses head the list of prospects to share England's throne with King Edward VIII. They are: Catherine of Greece, sister of the Greek king; Juliana of the Netherlands; Eugenie of Greece, cousin of the Greek monarch; Kyrie of Russia, daughter of Grand Duke Cyril.

London, March 11.—(P)—Edward VIII, the first bachelor king of England in 176 years, opened the way tonight for a queen to sit beside him on the British throne.

His action consisted only of a royal request to the House of Commons to take account of financial provision for a prospective queen, but it spurred speculation throughout the nation of possibility of a royal wedding.

"His majesty desires that the contingency of his marriage should be taken into account so that, in that event, there should be a provision for her majesty," the king's message which reached the House of Commons.

Excited ponderings of the significance of the monarch's communication recalled the names of five royal princesses considered "eligible" to wear the British consort's crown.

Theoretically, however, after the question of finances has been settled, the choice of a mate remains up to the king himself—qualified only by the marriage law that she must be a Protestant.

While he probably would accept the advice of his family and inner government council, the British law allows him to wed a woman of royal, noble, or common blood. The sole provision, in event of the latter, would prohibit any of the couple's children from succeeding him as head of the empire.

REBELS DISPERSED
Mexico City, March 11.—(P)—The dispersion of four rebel groups in the state of Jalisco by federal infantry, cavalry and airplanes was reported today in dispatches from Guadalajara.

These accounts said three of the insurgent leaders and at least 10 of their followers had been killed.

One of the rebel bands was said to be that which killed passengers of a railroad train Monday. It was encountered near Atotonilco and five of its members killed in a brief battle.

STEAL COAT AND KIT
Washington, March 11.—(P)—Senator Carter Glass disclosed today that his \$2,000 mink coat was not all that was stolen from his hotel room.

"They got my traveling kit, too," he lamented. Both of them were gifts.

The Virginia senator said neither of the articles had been recovered.

QUICK CHANGE
Washington, March 11.—(P)—"Ladies and gentlemen," Senator McKellar (D-Tenn.) began a speech in the Senate today with that salutation but caught himself and changed it to the customary "Mr. President."

He was repeating to his colleagues his last night's radio speech.

Alton, Ill., March 11.—(P)—A strike of 150 women employees of the Co-ed Frocks, Inc., which began three weeks ago, was settled today. Meyer Perle, regional manager of the International Ladies' Garment Workers' Union, announced.

He said a two-year agreement was signed with the company which recognized the union as the collective bargaining agent of its employees and established a 40-hour week with a minimum weekly wage of \$13.

Claude Bolton of Nortonville was a business visitor in the city yesterday.

White Hall.—Terry Brown, aged 79 years, a former well known Greene county citizen, passed away Sunday evening at his home in Elsberry, Mo.

The remains were brought to White Hall to the home of his daughter, Mrs. Robert V. Comer, and funeral services were held Wednesday afternoon at the Patterson Baptist church.

Burial was made in Greene county.

Mr. Brown was born in 1844 in Greene county and lived here until 19 years ago when he moved to Missouri. He was twice married, and is survived by his wife, Mrs. Betty Smith Brown; four children by his first marriage and three by the second. The children are John E. Brown, Peoria; Mrs. J. R. Wilson, Hillsdale, Ill.; Mrs. F. H. Brown, Oak Park; Mrs. E. V. Comer, White Hall; Thomas, Tony and Robert Brown of Elsberry, Mo. There are five grandchildren and one great grandchild.

He Wanted a Car

Francis Thurman, 19-year-old ex-convict, approached a parked car on a St. Louis street. He wanted that car, he told police afterward. He ordered the occupant to get out. In the car sat Police Sgt. Cullen, and when he got out, he had his hand on his gun. Thurman shot him, and Cullen died.

The killing remained a mystery until one day the past week when a youth tried to trade a tire for gasoline at a service station in Farmington, Mo. The attendant became suspicious and summoned a deputy sheriff from the court house not far distant. The youth showed fight and shot it out with the deputy and a state patrolman. Wounded in the lung, he was taken to a hospital.

Then Detective Sgt. Siekhaus of the St. Louis police got busy. He had been looking for Thurman to question him about other crimes, and he had a hunch that Thurman might have killed Sgt. Cullen. Thurman's gun was submitted to ballistics tests, and the bullet taken from Cullen's body was found to have come from that gun. Quickly Siekhaus wove the web of evidence around the ex-convict, and he finally confessed the murder.

In his confession he said he "wanted that car." He had served 18 months for burglary; he was a criminal and a gunman. Because Missouri prison rules, like those in many another state, are too easy, the youth came forth to pursue his life of crime, and a good officer was sacrificed. Now the police have done efficient work in again placing him behind the bars. It is hoped Missouri justice will this time put the young criminal where he will never again be a menace to society.

We Might Have Been in It

Had it not been for the independent action of a U. S. Senate of some years ago, the United States might today be facing the necessity of sending boys from Illinois and other states to the Rhineland border to fight Germany. When the Allies were arranging treaties that would bottle up Germany, France was particularly careful to guard the Rhineland, through which she had been invaded from the east.

She finally consented that the territory be demilitarized on condition that England and the United States would come to her aid against Germany. Woodrow Wilson agreed to the plan, but when it was submitted to the Senate, that body refused to ratify. Hence our country was out of the agreement, and aren't we glad now! Had the United States been pledged to aid her, France would doubtless have shown more hostility to Germany's invasion of the Rhineland.

Just how near we came to being involved in the European mess makes us tremble. We are inclined to be most grateful for the Senate of that day, whose members doubtless foresaw just such a situation as has occurred the past week. England is able to disregard the treaty at will, and she is now telling France what ought to be done; but if our country had been a party to the agreement, the buck would have been passed to Uncle Sam, and he seemingly can't resist the temptation to carry out his treaties to the letter, even when it comes to letting his navy sink below treaty strength. We might have been in it, but we're not. The close shave we had is a lesson we should not soon forget.

SO THEY SAY

We should get some modern education into prisons, instead of teaching just reading, writing and arithmetic. We should teach aviation, for instance. —Arthur T. Lyman, Massachusetts, commissioner of correction.

There never was a better mother-in-law than mine, even if she didn't show much enthusiasm when I first began courtship her daughter. —Gov. James Alfred, Texas, proclaiming mother-in-law day.

Punishments as given in the home are not of much value in the correction of difficult children. Rewards are slightly more useful, and general encouragement of the child always is necessary. —Dr. Reginald Miller, British physician.

The victories in Africa are a triumph

of Fascist youth. We will face with equal courage a battle against the European lineup. —Vezio Orzi, Italian military leader.

The world should know that, when it is ready to seek foreign exchange stabilization, Washington will not be an obstacle. —Secretary of the Treasury Henry Morgenthau.

Behind The Scenes In Washington

Blue Eagle Soon Will Gasp Its Final Gasp . . . "Last 500" of NRA Staff Struggle Toward the End . . . They Wonder What Roper Will Do About Reports . . . Several Important Studies Won't Be Completed, but Some Good Factual Material Will Be Given Congress.

By RODNEY DUTCHER
(Journal-Courier Washington Correspondent)

Washington.—The NRA is down to its last 500 employees and they'll all be gone by the end of this month, when the Blue Eagle formally ascends into bird heaven.

Few of the remaining workers will be on hand at the end. Most of them have "accumulated leave" and want to take it while still on the payroll. Others, however, will struggle earnestly until the last moment with the series of postmortem studies on which NRA has largely been engaged since the Schechter decision last May.

Reports to Be Useful

Obsessing this latter group is much heavy speculation as to whether Secretary of Commerce Daniel Roper will undertake to censor or suppress sections of the forthcoming reports on industry, labor, code administration, trade practices, price-fixing, and other items covered by the studies.

It was Roper, you'll remember, who invented the NRA carcass in the end, even though General Johnson had driven him from the henyard in earlier and more exciting days.

Some of the reports will be valuable and well done, others comparatively sloppy. None of the higher-ups appears to have taken a sincere interest in an able scientific survey of the industrial situation and the lessons and facts learned through NRA.

Nevertheless, much good factual material has been assembled for use of the president and Congress as they consider innumerable bills fostered by industry—all of which ask for practically everything except a federal hand in labor relations.

Some aspects of the reports will be sensational and some of the men who have written them are so interested in their work that if Roper tries to censor them he probably will cause more publicity for those aspects than otherwise would be the case.

Theoretically, the plan is to make many mimeographed copies of the studies available, but certain industries oppose publication. Especially they object to revelations as to pricing, financial structures, corporate organization, and certain trade practices. And to such juicy material as that which show how corporation managements have enriched themselves enormously at the expense of both customers and investors.

Conflicts Continue

Studies were begun of industries employing 13,500,000 persons and with annual sales of \$66,000,000,000. Many of these studies have been curtailed, but there will be important reports on automobiles, coal, lumber, paper, fertilizer, electrical manufacturing, iron and steel, textiles and tobacco.

Strangely enough, there will be no general history of NRA, which might well show:

1. What actually happened to wages and hours.
2. How and why self-government by industry flopped.
3. Failure of the theory that NRA, governed by industry, was an example of Fascism or regimentation.

Squabbles between industrial-minded and labor-minded, or consumer-minded NRA employees have persisted to the last. The Labor Studies Section was treated shabbily from the beginning and half its original 70 workers were assigned to other jobs.

The section on trade practices had about 224. It now has 11 employees. Anti-labor and anti-New Deal men have been used to review labor studies, is charged, and it is possible to find marginal notes of criticism by superiors, such as the following on a study of working hours:

"Re-employment only one angle. Probably least important."
"That will interest you especially if you recall the good old idea that NRA eventually would eliminate unemployment through shortening of hours."

NRA and Working Hours
One study that will not be completed was that which was intended to show just what NRA did about working hours, how the code-required hour standards needed to reabsorb employees to the 1929 level to individual industries, and the estimated number of unemployed actually absorbed by codes.

General Johnson's failure to achieve the general 32-hour work week for which he once said he was aiming will not be explained. But a study of the question why the hour standards proposed by the industries were generally accepted went far enough to show that the 43 codes providing less than 40 hours a week got that way either because there was a strong trade union in the industry or because a sympathetic deputy administrator handled the code.

Some of the studies are expected to show marked drops in post-code wage, hour, and child labor standards. (Copyright, 1938, NEA Service, Inc.)

WAITING TO BE CALLED

President of Knox Will Speak at I.C. On Press-Politics

Dr. Albert Britt Secured by Rambler Board for Talk Here March 24

President Albert Britt of Knox College, Galesburg, will be the second lecturer in the series of speakers brought to Illinois College by the Rambler Board. He will speak here Tuesday, March 24. His subject will be, "The Press and Politics."

Dr. Britt, both through education and through years of experience in the journalistic field, is thoroughly qualified to discuss the relationship existing between the newspapers and the political world.

At the present time, with the newspapers and periodicals involved in the throes which accompany a campaign year, the topic, "The Press and Politics" is particularly appropriate. Dr. Britt will undoubtedly be able to cast a new light on the subject, drawing from some of his own contacts as editor of prominent magazines.

For a number of years after his graduation from the college of which he is now president, Dr. Britt interested himself in magazine publication, and was the editor of three prominent magazines before being called to the presidency at Knox in 1935.

In addition to this he has found time to write several books, and another book is now in the process of preparation. He has been a frequent contributor to various magazines, and along with his ability as a writer, is noted also as a speaker of merit.

MACMURRAY COLLEGE BULLETIN ISSUED

MacMurray College Bulletin, containing the alumnae news and record, has recently been issued. A picture of the campus is the cover design, giving a beautiful view.

Graduates are reminded of the coming commencement dates—May 20, 30, 31, June 1—and the entire Bulletin is filled with interesting news from the north, east, west, and south, as compiled by the alumnae secretary, Miss Genevieve Mount. The issue also contains a group picture of the college girls in June, 1937, which is also an outstanding feature.

OBITUARY

Sarah A. Blackmore, daughter of William and Eleanor Ham, was born Nov. 7, 1882, in the Durbin community, and there grew to womanhood. She was married to Zachary Jones in 1880. To this union was born one son, Carl. Mr. Jones preceded her in death sixteen years ago.

In 1925, she was united in marriage to Martin Blackmore. When a young girl she united with the Durbin M. E. church, and in later years moved her membership to Brooklyn church of Jacksonville. For many years when she felt the need of keeping a home together she took in her home many children to care for. She was always kind and loving to every one.

She leaves to mourn her husband and son, Carl, and the following grandchildren: Cameron Jones, Clyde Jones and Clara Mills, all of Woodson; six great grandchildren, three nieces, one nephew and one foster brother.

She was a faithful Christian to the end, and when she realized that the end was near she called the loved ones to the bedside and made all the arrangements for her burial.

P.T.A. OF LIBERTY SCHOOL IN MEETING

The regular monthly P.T.A. meeting of Liberty school was held Monday evening, March 9th, at the school.

During the business period a nominating committee was appointed, consisting of Mrs. Neva Boester, Lee Fletcher and Walter Scott.

Mrs. Boester spoke of the work the pupils have been doing outside of book study this winter. Both boys and girls have been embroidering. Their work will be displayed the next regular meeting.

Mrs. A. L. Davis of Jacksonville, district director, was a visitor at the meeting and delivered an address. The following program was given: Recitation—Grace Ellen Arnold. Recitation—Bernice Osborne. Song—Louise and Marie Elliott. The Night Wind—By the Fourth graders. Rip Van Winkle—By Sixth grade. Song—Wilma Frances Clark.

The meeting then adjourned for a social hour. The next meeting will be held April 13th with cake and fruit salad for refreshments.

ADELPHIAN CLASS OF CHURCH MEETS

The Adelphean class of the Lymnville Christian church met at the home of Mr. and Mrs. Fred Coultas Monday night with a good attendance.

The president, Wilbur Gibbs, presided over the business session. Minutes of the last meeting were read and approved.

Plans were made to purchase song books for the primary department. A. D. Hermann and Mrs. Wilbur Gibbs entertained with games.

Mrs. Fred Coultas, Mrs. A. D. Hermann and Mrs. Wilbur Gibbs served refreshments.

Seek Co-ordination Of Finance Drives By Local Agencies

Meeting Tuesday Prepares for Council March 24 to Arrange Schedule

A meeting of representatives of the Red Cross, Salvation Army, YMCA and Boy Scouts was held at the Chamber of Commerce Tuesday night. Carl Hamilton presided. The purpose of the meeting was to determine some plan of holding the various finance drives of the agencies to prevent overlapping and, if possible, to combine the campaigns that they would not extend over such a long period.

After a terse discussion of the matter, it was decided to hold another meeting Mar. 24, to which each agency will send a committee of two. At this time it is hoped to arrange a schedule of dates for the various drives. Plans are also being considered for a council of agencies to regulate the campaigns.

One plan embodies a grouping of the agencies so that two will hold campaigns simultaneously at one period, and the two others will be accommodated at another season of the year.

Mrs. N. J. Bucklin of Roodhouse was a Wednesday afternoon shopper in the city.

OF RICH, RIPE-BODIED TOBACCO — "IT'S TOASTED"

Luckies are less acid

LUCKIES ARE LESS ACID!
Recent chemical tests show that other
popular brands have an excess of acid-
ity over Lucky Strike of from 29% to 100%.

*RESULTS VERIFIED BY INDEPENDENT CHEMICAL
LABORATORIES AND RESEARCH GROUPS

PROPER AGING

Tobacco in its natural state is harsh and strong.
Though "cured" by the grower before sale,
it is unsuited for use without further aging.
During this aging period (which ranges in
the case of Lucky Strike from 1 1/2 to 3 years)
important changes occur. These "Nature"
changes result in the partial "smoothing out"
of the original harsh qualities of the leaf.
Our process of manufacture carries these
improvements many steps further—as
every Lucky Strike Cigarette exemplifies:
A Light Smoke of rich, ripe-bodied tobacco.

SHOW BUSINESS GAIN
Washington—Aided by an additional business day, department store sales in February registered a 13 per cent increase over the same month last year.

In making the announcement the federal reserve board said the cumulative sales for the first two months of the present calendar year were running 9 per cent ahead of the comparable period last year. The board's statistics covered 254 cities and embraced the activities of 512 stores.

ASK FOR OPINION
Springfield, Ill.—The state today asked the Illinois Supreme Court to determine whether the public works and highway department has the power to throw out a low bid for a road project.

Attorney General Otto Kernier filed an appeal from the third district appellate court decision upholding a mandamus order to give the John M. Brunsfield Co., Chicago, contracts to pave three streets in Chicago.

Far above other low priced cars in all but cost! TERRAPLANE

Yes, different from other low priced cars—and far ahead of the rest—in style and everything else that counts! Can we prove this? Just look at a few facts about Terraplane.

Wheelbase, over-all length, inside leg room, head room, shoulder room—unmatched by any low priced car. Untouched by some costing \$125 and \$145 more.

"Extras" At No Extra Cost
Of all low priced cars only Terraplane gives you—at no extra cost—a rear opening baggage compartment with more room than the average trunk model, with spare tire lying flat inside.

Power—the same story. Terraplane is ahead of other cars in its price class by as much as 18 horsepower. And no vibration at any speed! Terraplanes with 125,000, 150,000 miles and more to their credit show you what smoothness means in long life.

23.95 Miles per Gallon
Interested in economy? Here is Terraplane's latest—23.95 officially certified miles per gallon over 352 miles

of mountain roads, with three passengers and baggage, in the recent Los Angeles-Yosemite Economy Run.

More... Terraplane is the only leading low priced car with body all of steel and seamless steel roof. And no other car in its whole price range has Duo-Automatic Hydraulic Brakes (patent applied for) . . . Radial Safety Control (patent applied for) . . . True-Line Steering . . . or The Electric Hand, optional at small extra cost.

The most amazing car in the low price field—this 1936 Terraplane. And right down with the lowest in cost for the model and features you want. Come in and see for yourself.

First place was awarded to Albert Basso, a graduate of Chandlerville Community High school, and second place to the trio group, Joe, Clifford and Dorothy Cook.

Mr. and Mrs. J. G. Oetwein of Washington, Ill., were Sunday guests of Mr. and Mrs. Henry Dorr.

Charles Amant motored to Springfield Monday.

Earl Baker is at home, returning from Chicago to continue convalescence here, cared for by his parents, Mr. and Mrs. Ance Baker.

Jerseyville
The first and second basketball teams sponsored by the Jerseyville Lions club won two games played with the Roodhouse Independents in Roodhouse Monday evening.

The second string men won their game with a score of 31 to 14 and first team won with a score of 44-33. Jerseyville defeated Roodhouse on the local floor a few weeks ago.

The game scheduled to be held here Wednesday evening has been postponed because of the fact that the J. T. H. S. quintette will play in the Sectional Tournament at Gillespie that evening.

Two Are Injured
David Walsh and Harold Powell, Jerseyville residents, are recovering from injuries sustained recently. Walsh suffered a deep laceration on one ear when he fell striking his head on the ground.

Powell is also suffering from an ear injury. A companion with whom he work working had an axe suspended in midair and in some manner the instrument slipped and hit Powell, inflicting a deep cut on his ear.

Here are the Rules of the TRAFFIC SAFETY CONTEST

1—Each day, excepting Sunday and Monday, beginning Tuesday, March 10th, and ending Saturday, May 16th, the Jacksonville Journal and Courier will publish a picture depicting a certain traffic situation. The object of the game is to determine whether or not a SAFETY rule or precaution (not necessarily a legal violation) is involved and if the answer is "Yes" to tell in not more than 25 words what, in your judgment, constitutes a violation of the precepts of SAFETY.

2—Any man or woman, except employees of The Journal and Courier and members of their families may submit an answer. NO SUBSCRIPTIONS REQUIRED. In fact, you do not have to be a subscriber or even an occasional reader to compete. Copies of The Journal and Courier are on file at the Library and at the office of the newspapers. Facsimiles of the daily drawings and forms will be accepted.

3—CASH PRIZES will be awarded for the 82 best sets of 50 answers as follows: First prize, \$50; second prize \$25; third prize, \$15; fourth prize \$10; fifth, sixth and seventh prizes \$5 each; next five best sets, \$3 each; next 70 best sets \$1 each. Awards will be made on the basis of correctness, neatness, spelling, brevity, and composition.

4—No entries will be returned. Those bearing insufficient postage will be returned by the Postoffice Department. Only one prize will be awarded to any one household, or where any group of two or more persons have been working together and only one entry may be submitted by any one person.

5—DO NOT SUBMIT ELABORATELY DECORATED ANSWERS.

6—HOLD ALL ANSWERS UNTIL THE ENTIRE SET OF FIFTY PICTURES HAS BEEN PUBLISHED. Those violating this rule will be disqualified. Once a list of answers has been filed, no additions or corrections can be made. Bring or mail your complete list of answers to The Traffic Safety Game Editor, Journal and Courier, 110 South West Street, Jacksonville, Illinois, not later than midnight, Saturday, May 23, 1936. Entries postmarked later than midnight of that date will be rejected.

7—Three capable judges, selected by The Journal and Courier, will decide the winners and by entering this contest all participants agree to accept their decisions as final and binding in all matters. In case of a tie, duplicate prizes will be paid for the positions tied.

8—The Journal and Courier will not be responsible for any entries lost or delayed in transit by mail or otherwise. For your own protection, therefore, write your name and address on each of your answers as well as on the envelope bearing your complete solution.

Murrayville And Pearl Win Games

Pearl Turns Back Jacksonville CCC Quintet In Games At Chantlerville

Chantlerville, March 11.—Murrayville, Carlville and Pearl came through their opening round games in the Chantlerville Independent basketball tournament here tonight, with Murrayville showing one of the classiest entries of the tournament thus far. Three more games will be played Thursday night in the affair being sponsored by the American Legion.

Carlville's rally was not enough to defeat an early lead Carlville piled up and the All-Stars won a highly contested game 40 to 33. Pearl put on a third quarter scoring spurt that left the Jacksonville CCC quintet six points behind and they were never able to come the set-back as Pearl went on to win 36 to 28. Murrayville rolled up a 36 to 10 score over Winchester and won easily 40 to 34.

At Springfield
All set for their battle for a sectional title, Jacksonville high's Crimson shown above, will turn loose their zone defense and whiplike attack tonight in Pittsfield where they will meet Carthage in the first tournament game.

Pictured in the white shirts on defense are "Big George" Hamilton, and George Moxon, Bob Hamm, Albyn Ketter and Elmer Lukeman. In the dark shirts are Joe McDonald, Wilbur Baptist, Charles Ketter, Donald Ransom, John Bellatti was ill when this picture was taken, and since that time Wright has become ineligible. Seated on the bench are Coach Frank Walker, Managers Billy Hoffman, John "Pop" Ward, Eddie Brennan, and Dean Lindley.

Coach Walker expects to use his regular starting line-up of Bellatti and Moxon, guards, Hamilton, center, Lukeman and Hamm, forwards against Carthage, with Albyn Ketter and Baptist almost certain to see action.

Beardstown high is taking a lot of pride in the fact that they have a married man on their ball club, according to one of our contributors. He gives us a little inside dope about Clyde McQueen's team as follows:

"Beardstown high has one distinction over the other teams playing in the state sectionals. They have the only married man in the state playing on a high school basketball team. Harold Bell, senior forward, who is playing in his fourth state sectional as a member of the river city's veteran team was married last year and last season teamed up with another married youngster, Miller, who played center in the Pittsfield tourney for the Orange and Black team.

"The Beardstown team is composed entirely of veterans who have played together for three in some cases four years. Bell, Stephenson, and Lindley are veterans of the hardwood with plenty of experience while Dufelmeier is also in his senior year, although he quit the team early in the season last year. John Musgrove, the fifth member of the team, is a product of Peterman, having played on the Springfield high school's freshman team last year.

"Beardstown, like Quincy, has never had any trouble reaching the sectional since the rule letting both the winner and runner-up enter.

"Last year the same team with the exception of Dick Schultz captain, lost to Pittsfield in the sectional there.

Well girls, it looks as if all bets about Bell are off, anyhow.

LaRue Van Meter, who served as master of ceremonies at an enthusiastic pep meeting at Jacksonville high yesterday morning, gave the boys some of the pep he has been generating around in several cities.

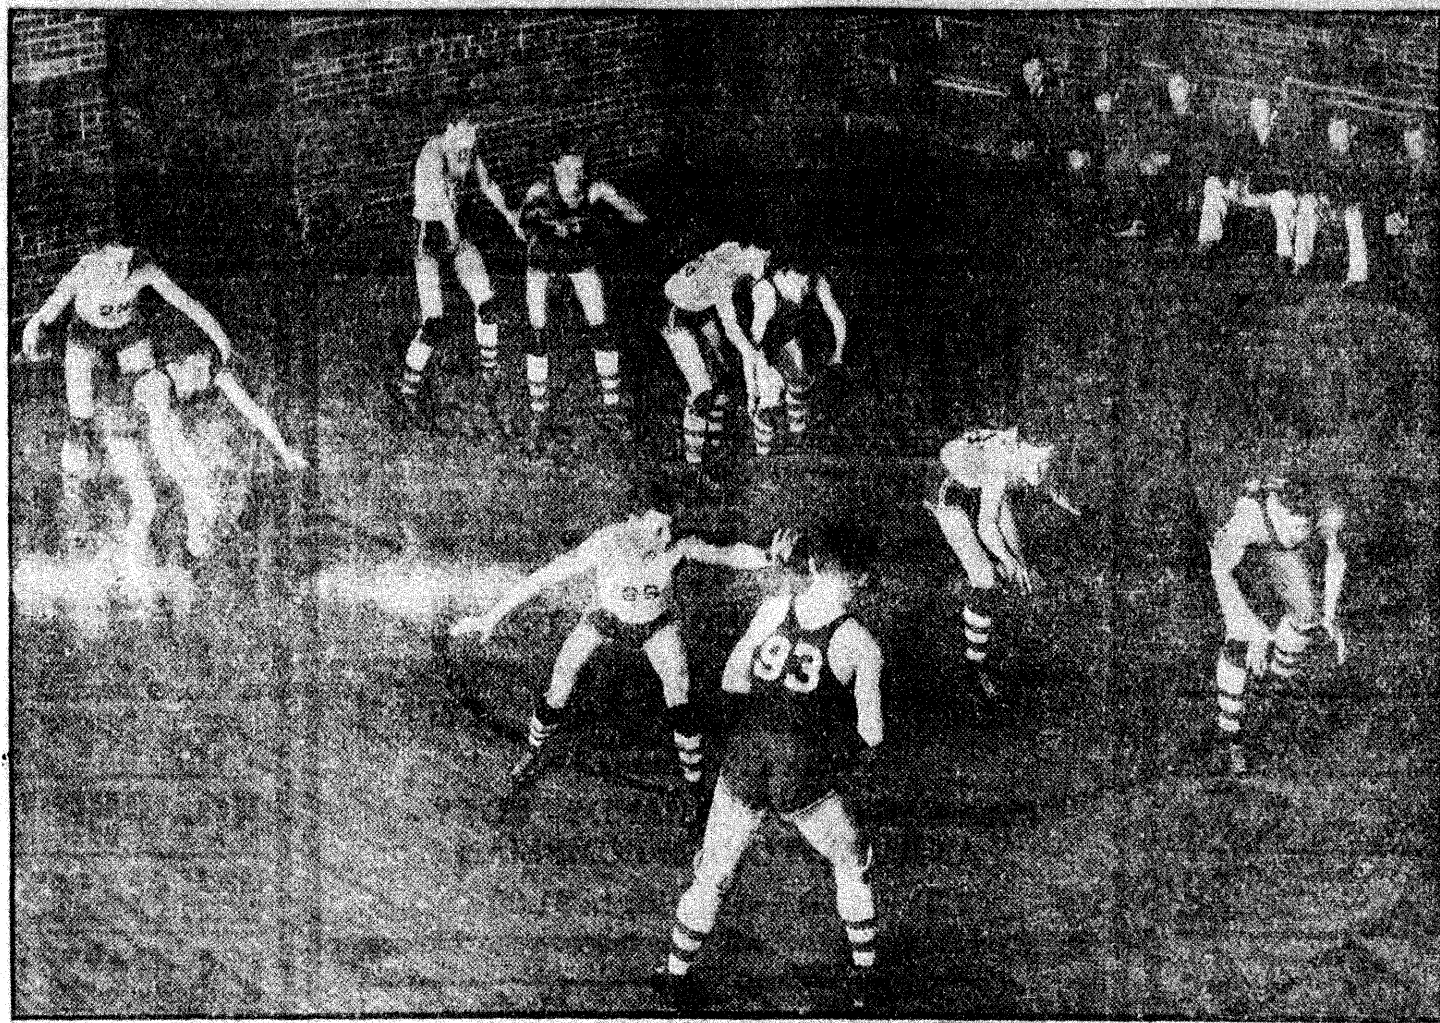

Van Meter was the featured speaker at the basketball banquet held at Morrisville, another at Warrensburg, and another at Easton, and then rejected another invitation because he would not have been able to watch the Cardinals and Jacksonville high beat Carthage to-night.

If any of you coaches are figuring on signing up "old man Flu," you're too late. Art Lathrop, at Pleasant Hill, has him already booked up to play center on his Pleasant Hill team next year, and then surmises that there probably will be no center jump in the rule book.

Old man "flu" took down his squad just before it won the district title at Griggsville. Pleasant Hill had only four regulars for the championship game—the fifth game the team played during the week.

Then, imagine Lathrop's surprise when he showed up for school Monday morning after winning the district title, and finding three of his regulars and one of his reserves at home nursing themselves through influenza attacks. Two of the boys crawled out of bed to play in the game against Pittsfield, but they were so weakened that they couldn't give the game the punch that had raised them from one of the lower ratings to that of a possible regional champion. They had a real bull club when they won the dis-

trict title, and a mere shell of that team by the following Wednesday night.

Anyway, Pleasant Hill hopes to get a little assurance out of the fact that only one member of the regular starting five, and one reserve are all that will be lost by graduation. And to top off the whole story, the coach just got up from a tussle with the "flu" too.

More Groups Favor Adult Education as Classes are Formed

Courses Prove Popular at New Night School; Art Design Appeals

Adult education classes are getting under way this week at the Morton school. One of the new developments is a class in public speaking, taught by Miss Louise Ticken of Illinois College. A class in home hygiene will be organized if there is a sufficient demand. A trained nurse is available to teach this course.

More enrollees are needed in the class in art and design, taught by Mrs. Wilhelmia Kirby. Women should be interested in this course, which includes instruction in knitting, crocheting and the making of hooked rugs. Mrs. Kirby was formerly a teacher in the Chicago Art Institute and has had wide experience. Her hooked rugs won first prize at the Illinois state fair.

The class in elementary subjects taught by Miss Alice Douglas has a large enrollment. Nearly forty reported for classes at the first session of the school Monday evening, and the enrollment has already gone beyond fifty.

Continued interest in the movement is indicated by endorsements written by Miss Charlotte Ryan, public librarian, and Miss Edna Walsh, corresponding secretary of the Business and Professional Women's club, which are as follows:

"Almost no other public institution in a community records in greater degree the need for and interest in adult education than the public library. The task that the American public library recognizes as its chief function is to offer increasingly effective service to persons of all ages, educated and uneducated. In order to promote the advancement of the individual, both materially and intellectually, hence the library will come and thoroughly approves and wishes to cooperate with the project in this city under WPA which offers adult study groups a wide variety of subjects and courses without cost to any person who wishes to enroll.

CHARLOTTE RYAN, Librarian, Public Library, Jacksonville, Ill.

"Mr. Victor H. Sheppard, County Superintendent of Schools, Jacksonville, Illinois.

"Dear Mr. Sheppard:

"This is to advise you that the Business and Professional Women's Club of Jacksonville, at its meeting on Thursday, March 5th, voted unanimously to go on record publicly as heartily endorsing the Adult Education Project now under way in our city.

"Respectfully," EDNA WALSH, "Corresponding Sec'y."

MUNITIONS GROUP PLANNING REPORT

Washington — (AP) — Government ownership and operation of munitions plants and naval shipbuilding yards will be recommended by the senate munitions committee in one of four reports it is now preparing on its two year inquiry into the causes of war.

A majority of the committee members said today they would vote for a recommendation to nationalize the industries which produce the primary supplies for the army and navy.

Beardstown 29; I. S. D. 22.
Pittsfield 33; Payson 27.

Pittsfield, March 11.—Beardstown's Tigers pulled the tails of the Illinois School for the Deaf, and Pittsfield outlasted a closing rally put up by Seymour high of Payson to advance to the semi-finals in the upper bracket of the Pittsfield sectional tournament here tonight, as the boards were cleared for two battles Thursday night bringing Jacksonville and Carthage together in the first game, and Quincy and Hull in the night cap.

Unimpressive, but red-hot, Beardstown's triumph was a dogged Illinois School for the Deaf team that waded warm in one quarter to whistle away an eight point lead to a five point margin at the end of the third quarter, and then got cold again in the final period. Beardstown, on the other hand, ripped the nets with perfect shots to pile up a 29 to 22 victory over the Tigers from Jacksonville.

Pittsfield piled up a 21 to 9 lead over Payson in the first half of the second game to put the Indians out in front, but Payson came to life after virtually standing still during the first half, to close with a rush of scoring that almost swept the Indians aside.

Wells was the big noise for the I. S. D. Tigers, breaking out with a bit of best scoring during the recent tournaments to run up 12 points during the last half. Baumann's failure to connect with the hoop consistently, however, left the Tigers without the support they needed to upset the Beardstown team.

Bell and Lindley were the most feared marksmen on the Beardstown quiet, parking themselves for pointers fairly deep in the court, and ringing the hoop with accurate tosses. Each toser marked up three direct hits from the field, while Stephenson, doing the rebound work around the cage, was able to pitch in five to lead the team scoring.

Outscored 8-0 in the first period when the Tigers missed shots, I. S. D. began connecting when Baumann and Otten hit in the second quarter, but Beardstown still led at the end of the half 12-5. During the scoring race in the third quarter, the Tigers picked up points rapidly, cutting the margin to 15-12 at one stage, 17-14 at another, and 19-16 at another before the period closed with the count at 21-16.

Beardstown showed some of its slickest basketball during the third period, firing passes through the I. S. D. defense for set-ups, but they began missing shots too when the Tiger defense rushed them hard.

Beardstown broke in front in the fourth quarter, and the Tigers were never able to get closer than five points, but they were always within striking distance.

I. S. D. played a good floor game, but they couldn't find the hoop as

well as usual. Their quick breaking offense several times sent players to the basket ahead of the Beardstown guards, but failure of the toser to connect cost them many points.

Pittsfield Drops Payson
Although Pittsfield ran up a 12 to 2 score over Payson in the first quarter, and had a 21-9 count in the first half, at the end of the first half, Payson high came back with a drive that had the Indians hanging on the ropes for the third quarter, with blows that shook the Pittsfield accuracy of the first half. The Indians recovered their cunning in the final few minutes of play to keep the game from becoming a riot, although there was plenty of action as the two teams raced up and down the court.

G. Willard, who led the scoring with 11 points, did all of his work in the first half, with Junior Willard, Hammond and Howell coming in to do the clean up work. Boren led Payson on its comeback, storming the basket for both short and long shots as he posted 12 points. His usually helpful mate, Thompson, failed to bag a single bucket, while Spencer, a nimble center, rammed in eight points.

Alfred Grady Dies At Merritt Tuesday

Remains are Brought Here: Await Arrival of Son to Plan Funeral

The death of Alfred A. Grady of Merritt, Ill., occurred at 10:30 Tuesday evening, March 10, 1936 after a few days illness.

Alfred A. Grady was born in Adams county near Kellerville on Aug. 23, 1859. He was married on Dec. 29, 1887 to Armeta Gray, who with the

following children are left to mourn his passing: Homer Grady of Bluffs; Joseph of Merritt; Eugene of Balltown, Spa, New York, and James at home. A daughter, Lorena Berry, preceded him in death a few years ago.

Besides those, he leaves seven grandchildren and three great grandchildren; two sisters, Mrs. Nora Ferguson and Mrs. Anna Davis, Merritt; a brother, John of Champaign; also many nieces, nephews, and a host of friends.

The remains are at the Gillham Funeral Home.

Funeral arrangements have not been completed, awaiting arrival of the son from New York.

MISS SPERRY WILL ATTEND CONFERENCE

Miss Lenore Sperry will represent Illinois College in the round table discussion on the Italian-Ethiopian conflict at the Mid-West Conference of International Relations clubs to be held at the Indiana University at Bloomington, Indiana, on April 3 and 4.

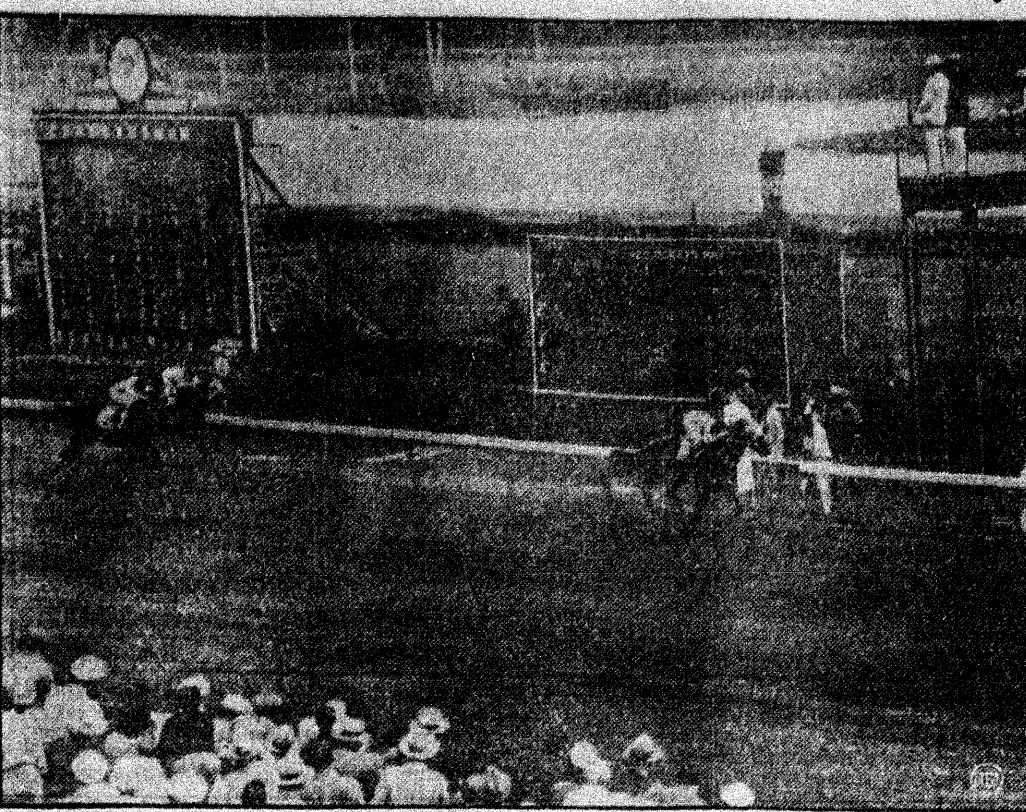

Miss Sperry has been selected to lead the discussion with the topic, "Imperialist Agreements Regarding Ethiopia Down to 1935."

Associated with her will be two students from other colleges, each taking a sub-topic under the general discussion question.

Miss Sperry has been active in the work of the local club since its organization, and has attended two previous conferences as a delegate.

Bert Hall of the Joy Prairie neighborhood was a business visitor in the city yesterday.

Florida Derby Victor Favored in Kentucky

Flashing across the finish line to equal Discovery's mile and an eighth world record of 1:48 1/4 set a year ago, Joseph A. The above picture shows the great colt winning going away, with Duetter second and Bright Plumage third.

New Horizons in Community Topic Of P.T.A. Address

Rev. T. B. Lugg Gives Many Helpful Suggestions for Improvements

Rev. T. B. Lugg addressed the Parent-Teacher Association of Washington school Tuesday evening at the Dads-day meeting held at the school. There was a large attendance of parents, who were deeply interested in the fine talk upon "New Horizons in the Community." Rev. Lugg opened his address by calling to mind the fact that although for most of us our horizon is somewhat limited by climbing higher or changing our outlook it can be extended.

This, he said, we know to be true in the physical sense, but just as surely it is a fact in a social way. Our modern life shuts us in and narrows us so often in a social and spiritual way. The lifting of our horizons largely depends upon what we are trying to do for a community. Is our goal the attainment of wealth or of human personality? Too often emphasis now seems to be upon wealth, but the ideal aim is to develop the ultimate capacity for right personality. There can be nothing just right in community life so long as injustice to some exists. We must strive for justice and opportunity for all.

In communities there are minus and plus elements, which are poverty, crime, ill health, ignorance, political graft and commercial favoritism representing the minus. Others may be plus or minus according to the use made of them, as the home, newspapers, motion pictures, pressure groups, the city council, and the city courts.

Rev. Lugg developed the theme along many lines, bringing to his audience a very constructive plan by which communities could broaden their horizons by activities in the churches and other groups to keep the youth and citizens interested in a program for betterment which would be lasting. He brought out clearly that any community could do this if it were so minded.

During the program music was furnished by the Boys Glee club of the high school, directed by Miss Lena Hopper. At the business session, the report of the nominating committee was made and the newly elected officers will be installed at the next regular meeting.

Prizes were awarded to Miss Hyatt's room and Miss Tendick's room for the largest attendance.

Men of Service Clubs Talk to Students and Praise Record of Team

A meeting to rouse enthusiasm for the coming sectional tournament and to boost the stock of Jacksonville's district champions was held at 11 o'clock yesterday morning in the high school auditorium. A special assembly was called and the place was packed with a shouting throng of students eager for more and greater victories for the team.

Business men of the city representing the various service clubs, took charge of the meeting. Men from the Rotary, Kiwanis, Lions and ABC clubs made "pep" talks to the students. The program was in charge of Coach LaRue VanMeter of Illinois College.

All of the speakers gave high praise for the excellent record the basketball team has made this season and expressed hope for victory in the sectional tournament at Pittsfield. The team will meet Carthage in the first game, and if there is a win, will play the winner of the Hull-Quincy game. Do posters for the tournament see

SIX LITTLE PIGGIES NOT ON THE WAY BILL

But They Arrive Here by Express with Mother

"Who says it doesn't pay to ship by express?" Fred Eyre asked himself yesterday when he surveyed a shipment that arrived on the Wabash from Marcus, Iowa. There was mamma pig, billed alone, but accompanied by six little pigs.

The pigs were born Tuesday night in an express car somewhere between Chicago and Jacksonville. There were nine, but three died and the six survivors were placed in a laundry basket by the expressman and delivered safely in Jacksonville.

The sow was billed to Charles Thies, well known Morgan county stock raiser. Mr. Eyre, manager of the express company, called him and informed him of the increase in the shipment.

A thoroughbred Poland China, the sow and her pigs were removed to the Thies farm to begin life in Morgan county.

Artistry Seen In Three Plays Given By Dramatic Club

Talented Casts Appear In
First Night Program At
Russell Theatre

Illinois College Dramatic Club opened its Little Theater season last night when they presented three one act plays at the Russell Experimental Theater. The performance was the opening night of a three night series to be given by the group.

The plays, which were directed in part by the members of the play production class at the college, were taken from the Harvard Workshop series. They were varied and well balanced and showed careful rehearsal and competent direction.

"The Slump," based on the problem of an underpaid drudge with a flippant and pleasure-seeking wife, opened the program. Ray Becker as James Madden and Betty Marsh, as his wife, were well cast and offered good performances. Robert Seise, as Florio Madden's brother, proved to be the hit of the first play with his clever characterization of the penniless, carefully dressed, ne'er do well.

Glenn Freeman as the squire in "The Fitch of Bacon," the second play, took the honors for the evening. Freeman's interpretation of the erudite old bachelor who wanted the whole world to be made up of bachelors without a thought for the women, was done with a finesse that seldom characterizes amateur performances.

Harry Story and Elizabeth both played the parts of the country couple who lived without a quarrel for a year to win the squire's contemptuous prize to any couple who could do so, and then fought about the division of the prize.

The last play, a fantasy, was alleged to have no point by Mephistophiles (Richard Kovecses) who appeared before the audience on behalf of the author, but proved to be a thought provoking piece despite the lightness of its setting. Fred Pannwitz as Pierrot, Patty Bradford as Pierrette, and Ramon Smith as Columbine, offered the triangle. Pierrot is finally urged to do the impossible by his two lovers and his mother and father and the consequences give Mephistophiles an opportunity to offer a bit of philosophy.

Overflow Audience Hears
Democratic Candidate
Deliver Address

Carrollton, Ill., March 11.—Governor Henry Horner delivered the address of the day to an audience that packed the Greene County Circuit Court room to an overflow and many heard him from the lawn where loud speakers were installed Tuesday afternoon.

Chairman Charles P. Casey opened the meeting by introducing the county candidates as follows: Circuit Clerk Olive K. Rafferty, William Howard and Wiley Berry; State's Attorney Julian Hutchens. The candidates for coroner were absent, J. Russell Shields on account of the death of his mother. Dr. Pruitt and Mr. Stubbins were next and each gave short talks. Joseph Knight, John Singleton, Guy Bridgewater, Fred Cain and A. C. French each made short talks. Mat Adams, candidate for auditor, and John E. Cassidy, candidate for lieutenant governor, gave talks, and then Governor Horner was introduced. He delivered quite a long address and outlined his platform.

City Officials To Hold "Open House" Today, 2 To 5 P. M.

League Of Women Voters
And B. & P. Club Are
Sponsors Of Event

City officials will be hosts at an "Open House" this afternoon in the City Hall from 2 until 5 o'clock. The inspection is open to all school children and citizens and is sponsored by the League of Women Voters and the Business and Professional Women's Club.

Each office will display a poster explaining the duties and personnel of that branch of the city government.

The police department will take and record the finger prints of every visitor. Both shifts of the fire department will be present to explain uses of equipment and methods of answering and fighting fires. Those who wish to go will be taken on a tour of the city water plant.

In the council room there will be displays of informative material, including copies of a report of receipts and expenditures of the city of Jacksonville, compiled by the city clerk, John R. Phillips.

The open house is an effort on the part of the two organizations to acquaint citizens and students with the workings of the government under which they live, and encourage them to follow its daily record of activities.

It is a part of the League of Women Voters two year opinion making program to improve the functions of government and their service to the public.

The committees who have this in charge are: League of Women Voters—Mrs. H. J. Stratton, acting as chairman in the absence of Mrs. Orville Foreman, Mrs. E. C. Savage, Mrs. P. R. Engberg, Miss Charlotte Ryan, Miss Elizabeth Capps and Miss Janet McClelland.

Business and Professional Women's Club: Mrs. A. B. Applebee, Mrs. Della Lockwood, Miss Barbara Hart, Mrs. Anita Weir Brockhouse.

60 Rhode Islands Stolen from Farm

Thieves Raid Poultry Roost
Last Night at Home of
Wallace Hembrough

Sixty Rhode Island Red hens were stolen last night from the farm of Wallace Hembrough in the Asbury neighborhood, southeast of Jacksonville. The thieves sorted over the flock and left the culls.

Mr. Hembrough did not discover his loss until morning, and immediately notified the sheriff's office. Deputies Wray Cook and John Bland went to the farm and started an investigation.

The deputies said a rain fell after the theft was committed, making it impossible to follow the tracks far. They found the spot on a lane where the thieves stopped a truck and loaded the chickens after carrying them for some distance.

The thieves were not required to break into the poultry house as the doors were unlocked.

Auto Owners Have Chance To Boost Game Attendance

More Than Fifty Students Of
J. H. S. Want Rides To
Pittsfield

Between fifty and sixty Jacksonville High school students are "dying" to see the sectional tournament game at Pittsfield tonight, but haven't means of transportation. Perhaps the number is more like one hundred. The donation of automobiles to take students to the game is the only solution if these loyal fans have opportunity to see J. H. S. and Carthage go to battle at 7:30 p. m.

Jacksonville citizens, friends of the high school, are informed of this situation for what it is worth. Owners of cars who want to boost the high school in a material way can take a load of students to the tournament and win the true appreciation of these young people.

If you want to take a student cargo to the tournament call the Principal's office, Phone 1701, before 2 o'clock this afternoon. Assignments for each car will be made immediately.

A large cheering section at the tournament is the hope of high school officials, and citizens can swell the attendance by taking their cars, loading up with students and heading for Pittsfield.

Washington.—(AP)—The war department today awarded a \$3,850,000 contract to the Wright Aeronautical Corporation of Paterson, N. J., for 512 new airplane engines.

Of the total purchase, 432 motors will be the most powerful single row radial aircraft engines in the world for use in the new bombers which the army recently purchased. These engines are nine cylinders, 20-horsepower, air-cooled, Wright "cyclones."

The remaining 80 engines in the new order will be nine cylinder, 45-horsepower, Wright "whirlwinds" for use in basic training planes recently ordered by the war department.

MYRA AND JACK ARE SECRETED IN THE HOLD OF THE YACHT, WHILE HYSTER AND CALEB ARE SEARCHING FOR THEM.

IM SURE GLAD TO GET YOUR STORY CLEARED UP, MYRA—I NEVER DID THINK THOSE PRETTY EYES BELONGED WITH THAT 'MILLIE' WIG!

TELL ME—IM JUST DYING TO KNOW THE REAL STORY IN BACK OF THE DIAMOND NECKLACE—

THE NECKLACE IS ALMOST FORGOTTEN WHERE IS IT?

WHY, I HAD IT IN ONE OF THE LIFE BOATS—STOKELY HAD PUT IT IN MY SUITCASE—

COME ON, THEN—WE HAVEN'T A SECOND TO LOSE!

WE MAY BE ABLE TO AVERT A WAR, IF WE CAN RETURN THOSE GEMS TO THE RIGHT PEOPLE—

B-BUT, JACK, HOW CAN WE EVER MAKE IT??

Chicago Swine Prices Strong

Chicago, March 11.—(P)—After a slow start hog prices developed strength today, the bulk of the more desirable offerings selling steady to 10 cents higher. Top was \$10.35. The run of 11,000 was about in line with slaughtering requirements.

Hogs marketed here recently have been the heaviest in 40 years according to trade figures. Last week's average weight was 244 pounds, highest of the season, compared with 235 a year ago and 227 two years ago. Observers said this was the result of favorable feeding conditions in the country, with the current price of hogs equivalent to approximately 20 bushels of corn.

The bulk of the better grade offerings of cattle sold steady to strong and some sales were unevenly higher, but the advance faded before the close. Lower grades ruled strong to 25 cents higher, these selling at \$9.25 down to \$7.50. The practical top for weighty steers was \$11.65.

Fat lambs advanced 25 cents, reaching a top of \$10.35.

Wheat Prices Show Strength

By John P. Boughan,
Associated Press Market Editor.

Chicago, March 11.—(P)—Influenced by reports that France is threatening to leave the League of Nations and is backed by Russia, wheat prices displayed stubborn firmness today.

Trade leaders said such a course on the part of France would further complicate an already acute trans-Atlantic political situation. Helping to sustain values were estimates that upward of 1,250,000 bushels of Canadian wheat had been taken for export, mainly to European continental countries.

Wheat closed uneven 1/2 off to 1/4 up, compared with yesterday's finish, May 991-1 to July 891-1, corn unchanged to 1/4 higher, May 601-1, out at 1-1/4 decline, and provisions unchanged to a rise of 2 cents.

Spreading operations in which May wheat was brought and new crop deliveries sold were at feature of trade during much of the day. On the other hand, there were purchases of Winnipeg wheat against sales of Chicago. An unsettling factor was that an overnight forecast of rains southwest were especially needed failed to be fulfilled, only one spot in Kansas reporting moisture.

Figures in Probe of 'Spy Ring'

While an amazing story of a spy ring believed to have stolen U. S. navy secrets and sold them to foreign countries was being investigated by the federal grand jury to Los Angeles, Henry T. Thompson, 27, above, former U. S. sailor, was held on charges of illegal wearing of a navy uniform. A "cultured Oriental," said to be paymaster of the "ring," and believed to be the country, is sought for questioning.

Specialties Lead N. Y. Stock Market

New York, March 11.—(P)—Industrial specialties surged upward in today's stock market, far outdistancing many of the recent leaders.

Gains of 1 to 6 or more points were scattered over a broad front, as well as sharp advances over European war possibilities continued to fade and economic brightness appeared in the prospects of various corporations.

Bullish sentiment in brokerage houses was restrained only by the comparative smallness of the day's trading volume. While the Associated Press average of 60 stocks pushed up 5 of a point to 62.8, transfers totalled 2,204,390 against 2,339,700 in the previous session.

The list got off to a fairly brisk start, with farm implement, oil, alcohol and aircraft equities pointing the upward way. Despite the subsequent dull periods, and the evidence of some profit taking in scattered issues, most of the favorites held or bettered their gains and the majority were around their best at the sound of the closing gong.

Roodhouse

A lively interest was shown in Rotary circles Tuesday noon. All members present excepting one who was kept at home on account of illness. A lively group of Rotarians from Jacksonville, were gladly welcomed. The delegation consisted of Walter DeShane of the Jacksonville Journal-Courier; F. J. Blackburn, city mayor; Dr. Carl E. Black, surgeon and physician; Robert Capps, Capps Clothing Company; W. F. Coolidge, Morgan County Farm Adviser; Dr. A. H. Dole, physician.

Frank Vedder had charge of the program and presented T. T. McGuire, salesman for the Myer Drug Co. of St. Louis as the speaker for the day. Mr. McGuire is not only a super-salesman, but a wonderful speaker. He gave a wonderful address using as his subject "The Retail Business of the Present Day." Mayor Fred Todd will have charge of the program next week.

Carl Seely and Jack Taylor of Champaign Field, Rantoul, Ill., were Sunday callers on friends in Roodhouse.

Sunday callers in the home of Mr. and Mrs. W. O. Harp and family were: Mr. and Mrs. F. C. Lakin and grandson, Jimmy Lakin of Elkhart, and Mrs. A. B. Rochester and family of Manchester.

Miss Myra Deau and Ray Winter of Jacksonville were week end guests in the home of Mrs. Deau's sister, Mr. and Mrs. J. L. Barnes and family at Augusta.

Donald Ohmart, student at Normal University was a week end visitor in the home of his parents, Mr. and Mrs. Chester Ohmart and family.

Wouldn't You Like to Own This Home?

Residential real estate has always been considered one of the safest forms of American investments, a truth amply substantiated by the fact that today it is possible to borrow as much as 90% of the total cost of a new residence. Long term financing demands that houses be well designed and built of enduring materials. The little home pictured above is designed to form the basis for a long term loan. It has to be right. Let us tell you about it.

Poultry and Eggs Profitable Produce

Raising Chickens for early marketing is usually a profitable venture. True, it requires some work, but it pays. To get the best out of it, an early start should be made.

Maintaining flocks for the production of eggs also is profitable, and this too requires care and work in order to produce the egg that brings the better prices.

Wayland Brooks Speaks to Hundreds At Meet Last Night

Declaring that the Democrats do not keep their promises and citing their pledge in 1916 to keep the United States out of war as proof of his statement, C. Wayland Brooks, Republican candidate for governor, addressed more than twelve hundred people at Jacksonville high school here last night. The entry of the United States in this war, the subsequent spending of billions of dollars and the depression that followed were the result of ill-kept promises of the Democrats, said the gubernatorial candidate.

Assessing that the only way in which prosperity can be gained is a program of prosperity for industry and agriculture alike, the speaker flayed the Democratic administration's interference in business. "Leave the business men alone and they will bring prosperity," he said. "There has already been too much government interference."

The meeting at the high school auditorium, which did not have sufficient seats for the huge audience, was preceded by an organization meeting at the New Dunlap hotel where 200 Brooks workers were addressed briefly by the candidate for governor and by Harry G. Wright, former state senator of DeKalb. Wright told the audience that Brooks was being greeted by large and enthusiastic crowds at all of his meetings. Grant L. Hughes of this city presided at this meeting.

Harry Strawn, Republican county chairman, opened the meeting at the high school and presented Reuben Jennings, Morgan county manager for Brooks, who in turn introduced in addition to the speaker of the evening, Brooks managers and county chairmen from other counties.

The chairman of the program presented Mayor Fletcher J. Blackburn, Francis Gilman, Cass county chairman; Sidney Shaw, Menard county manager; Emory Irwin, Menard county chairman; W. G. Burnside, Mason county manager and Milton E. Jones, Sangamon county manager.

Not Bi-Partisan
Brooks declared he has no "understanding" with the Kelly-Nash machine of Chicago as has been charged. "I do not know Pat Nash," he said, "and certainly have not been a party to any bi-partisan arrangement."

Continuing Brooks spoke in part as follows:
"Immediately upon my announcement as a candidate, designed and selfish men started a 'Stop Brooks' movement. It is because this is a primary campaign and we are not yet meeting our common enemy, the Democrats, but must be decided among our own party ranks who is to be our party candidate for governor. That I take this opportunity to talk with you intimately and personally. You are the leaders and the workers who must carry this fight and we should understand what our fight is going to be."

"When these men started their 'Stop Brooks' movement they said that the candidate for governor must come from downstate. They did not know that the suggestion that I present myself originated and gained its greatest movement in downstate Illinois. They apparently did not remember that I and my parents and their parents were born downstate and that my education was acquired in the public schools provided by the citizens of Bureau county, Henry county, Peoria county, Lee county and DuPage. They did not know or they did not care that during the last four years I had spent much of my time campaigning and contributing my bit to the election of Republican officials throughout the entire state of Illinois."

"If we are to win at all and return the great state of Illinois to the Republican column and thus play a major part in the election of a Republican president we must present a united front, cementing both downstate and Cook county in a forward united march."

Any candidate nominated on class or sectional prejudice can not possibly create or command that united feeling and support.

Agriculture
"The farmers' problems result from the expansion of production to supply war-time needs. When war needs fell off and peace-time production in other lands accumulated, the export demand for the production of the American farmer decreased. Depression on the American farm had been in operation eight years before the industrial and financial collapse of 1929."

"We realize that we must protect our home market against foreign importation, but until there is an equalization of demand to production it is necessary to adjust acreage to needs. Such withdrawals of land should be planted to soil conserving crops."

"Our distinguished citizen, Frank O. Lowden's formula for farm legislation, in my opinion, is the best yet offered. Agricultural aid should not be administered politically. Grants by the federal government to the states, should be administered through the state agricultural colleges, for the purpose of conserving the fertility of the soil by removing unproductive acreage and planting the same to legumes. This is a constructive policy which will have my support."

"All measures that will further increase the use of agricultural production for industrial purposes must be utilized."

"Electricity for both power and light, telephone facilities; rural mail deliveries; better education facilities through schools and libraries, all must be brought to Illinois farmers through a definite state-wide farm home program."

"To carry out the above mentioned program I will co-operate with the leading farm organizations and leaders of agricultural thought to restore independence, happiness and prosperity to the farms of Illinois."

Labor
"Not only is Illinois a great agricultural state. It is also a great industrial state as well and I believe the right of collective bargaining between em-

J. H. S. Debaters Put Clamp on Pekin And Even Up Old Score

Negative Team Turns Back Visitors; Local Team Leaves For Tourney

The Jacksonville High School debate team evened the score on Pekin yesterday when the Crimson negative defeated the Pekin affirmative in a contest held in the J. H. S. assembly. Ralph Dunlap and Bill Clark represented Jacksonville, while Bruce and Don Branlage made up the Pekin team. It was the first decisional meeting of the year for the local negative.

Superintendent R. O. Stoops served as chairman and the decision was rendered by Professor George Adams of MacMurray College. This win balanced a defeat handed the Crimson negative in the season when the Pekin negative was awarded the decision over the Jacksonville affirmative.

This morning four Jacksonville High School teams leave for Fulton, Missouri, for a boys' tournament at Westminster College and a girls' tournament at William Wood College. Coach Harold Gibson is taking Barbara Butler and Betty Traube for the girls' negative with Mary Butler and Jane Dunlap on the affirmative. Billy Green and Arthur Hallerberg, Dunlap and Clark make up the two boys' teams for J. H. S.

The first round of the girls' meet will be held at 9:30 this morning. The girls must win one out of two of their first round debates, one defeat eliminating the school after that time.

The boys go into action at 1:30 p. m. with the local affirmative hitting Jefferson City, Missouri, and the negative meeting Kirkwood. Teams of Missouri, Kansas, Indiana, Oklahoma and Illinois are scheduled to be at the tourney. Oklahoma being the strongest debate state in the United States.

These meets will last through Friday and possibly on into Saturday; however the local teams may be eliminated at almost any time. Should Jacksonville happen to remain in the tournaments until the last rounds, the game is planning to return through Pittsburg Saturday night to see the Crimson win the finals of the sectional basketball tournament.

Body Of Infant Is Found Under Bridge Northwest Of City

Highway Workers Find Body In Traveling Case And Notify Coroner

The body of an infant girl which had been placed in a traveling case and partially hidden under a culvert, was found by two state highway department employees yesterday afternoon at a point about five miles northwest of Jacksonville, near the Mt. Zion church. Whether the newborn infant died of natural causes or from violence has not yet been determined by county officials.

The tiny body was wrapped in several Turkish towels, and had appearance of having been in the culvert for a day or two. The traveling case was mud and water stained from Tuesday night's rain.

Coroner Elmer Sample was notified of the discovery of the body by R. H. Rhodes of Riverport and C. O. Gordon of Springfield, highway employees, who were working in the vicinity. They noticed the traveling case in a ditch and opened it, finding the remains of a fully developed child.

The coroner went at once to the scene and launched an investigation. He reported that a December 29 copy of a Chicago newspaper was in the case. Sample said a complete investigation will be made.

Dr. T. O. Hardesty examined the body of the infant, which was taken to the Cody & Son Memorial Home. He said there was no external evidence of violence but has not determined the cause of death.

The coroner prepared to hold an inquest some time today.

DR. J. R. HARKER IN FAVOR OF CAMPAIGN Calls Attention To Some Rules For Safety

Dr. J. R. Harker was kind enough to call at the Journal and Courier office and express his interest in the safety campaign. He said he was heartily in favor of the idea and believed the newspapers to be doing a good work.

"I am for the saving of life in any way possible," Dr. Harker said. "Careful driving is most necessary in this day of crowded highways. It is also essential that the driver of a car be in good health, free from exhaustion and mentally and physically alert."

Political Reforms Discussed At Lions' Meeting Last Night

Mrs. H. Stratton Of Women's Voters League Pleads For Efficiency

Mrs. H. J. Stratton, representative of the League of Women Voters, last night addressed the Lions Club at their meeting in the Peacock Inn on "The Lions' Share In Improving Government Personnel."

Her remarks were particularly vital coming on the eve of Jacksonville's Municipal Open House at the city hall this afternoon from 3 until 5 o'clock. Both the address and the "inspection" today are parts of a program sponsored by the League to "find the man for the job, not the job for the man"—an effort to remove the spoils system from government.

This afternoon school children and local voters will watch the "school tour" in the city offices, and by the laboratory method reach an opinion on the desirability of holding a public office.

Mrs. Stratton's emphasis was toward making the way clear for the best minds that are coming up through the schools to choose a public career if that field appeals to them. For it is the insecurity, the necessity for political "pull" that virtually closes many important offices to all but the political bar fly and administration "hanger-on."

Says System Is Wrong

The speaker made it clear that the desire for extension of civil service applied only to administrative, not policy forming offices. It was also pointed out that many political office holders today were entirely capable, but this was not because of the system that put them there, but in spite of it.

She challenged the audience to admit that they would not advise a young person coming to them for vocational help to enter political fields. As matters stand today, there is little opportunity for a career in government that can guarantee an opportunity for uninterrupted service or progress to a life's goal of achievement.

"In Jacksonville, we are definitely patronage minded. There a lot of prospective employees that are capable, but the sad fact remains that we calmly accept the spoils system."

Mrs. Stratton said that we could not consider boycotting government merely because of this defect, that some progressive reform must be undertaken to remedy it.

The League of Women Voters has launched what they term "The Two Year Opinion Making Program." In this time they do not expect to bring about any concrete change in government, to attempt any legislation, to do anything other than bring to the attention of citizens the need for stabilizing public service with civil service.

The Issue Today

In 1883, the first civil service law was passed as the result of the assassination of President Garfield by a chagrined office seeker. No immediate incident will arise to make the modern need so acute, but its ramifications and its resultant evils are far more widespread than even the complete loss of a great public servant. The issue today is the loss of intelligent and qualified individuals who might serve their country to the advantage of both, but who are hindered by an offensive and misdirected system that can only be left alone.

The League is focusing efforts especially on local government, bringing to the attention of voters the improvement which increased civil service and the merit program would bring.

Mrs. Stratton concluded with a question particularly pertinent to the support which a business man might give to the campaign. "Every man could not fit into the business jobs which you control, so why should any man fit into a government job, which is after all, the public business?"

Preceding the address, the Three Shades, Dixon Benson, Richard Hopner and Pete Riggs, sang a group of numbers, accompanied by Clemens Dirksen. They were encored by the club.

The Lions club also went on record as being in full support of the High School basketball team, which tonight will carry their fight for state recognition to the Pittsfield sectional tournament. Lions Merle Reynolds and E. R. Franklin represented the club at the High School pep meeting yesterday morning.

Lion President Dr. R. C. Henley presided over the meeting last night.

MAN IN JUSTICE COURT

Frank Browning was fined \$5 and costs yesterday afternoon in the Justice of the Peace court of Justice A. B. Opperman on a charge of disorderly conduct. He was arrested by police Tuesday night.
